INTRO

Benvenuti nel catalogo completo della nostra azienda, dove l'innovazione, la qualità e l'eccellenza si incontrano per offrire soluzioni straordinarie per le vostre esigenze.

Welcome to our comprehensive catalog, where innovation, quality, and excellence come together to offer extraordinary solutions for your needs.

Bienvenue dans notre catalogue complet, où l'innovation, la qualité et l'excellence se rejoignent pour offrir des solutions extraordinaires à vos besoins.

Mission

MISSION
MISSION

La nostra missione è creare porte per interni che non solo soddisfino le esigenze pratiche dei nostri clienti, ma che trasformino gli spazi abitativi in luoghi di bellezza e funzionalità senza compromessi.

Siamo qui per trasformare le vostre visioni in realtà e per rendere ogni ambiente un luogo accogliente, funzionale e bello da vivere. Ci impegniamo a offrire prodotti di alta qualità, realizzati con materiali durevoli e tecnologie innovative, che rispecchiano la nostra dedizione alla precisione artigianale e al design elegante.

Le nostre porte non sono solo elementi funzionali di una casa, ma veri e propri elementi di stile che aggiungono valore estetico e carattere a qualsiasi ambiente.

Our mission is to create interior doors that not only meet the practical needs of our customers but also transform living spaces into places of beauty and functionality without compromise.

We are here to turn your visions into reality and to make every environment a welcoming, functional, and beautiful place to live. We are committed to offering high-quality products, made with durable materials and innovative technologies, reflecting our dedication to craftsmanship and elegant design.

Our doors are not just functional elements of a home, but true style statements that add aesthetic value and character to any space.

Notre mission est de créer des portes intérieures qui répondent non seulement aux besoins pratiques de nos clients, mais qui transforment également les espaces de vie en lieux de beauté et de fonctionnalité sans compromis.

Nous sommes là pour concrétiser vos visions et pour faire de chaque environnement un endroit accueillant, fonctionnel et agréable à vivre. Nous nous engageons à offrir des produits de haute qualité, fabriqués avec des matériaux durables et des technologies innovantes, qui reflètent notre dévouement à l'artisanat précis et au design élégant.

Nos portes ne sont pas seulement des éléments fonctionnels d'une maison, mais de véritables éléments de style qui ajoutent de la valeur esthétique et du caractère à n'importe quel espace.

Identità

IDENTITY
IDENTITÉ

Siamo costantemente impegnati nella ricerca della nostra identità e nell'offrire ai nostri clienti una garanzia di qualità e autenticità. È per questo che abbiamo introdotto la nostra esclusiva targhetta di riconoscimento, un simbolo di eccellenza e impegno verso l'eccellenza.

Ogni prodotto che porta il nostro marchio di riconoscimento è stato attentamente selezionato e sottoposto a rigorosi controlli di qualità per garantire la massima soddisfazione del cliente. Questo marchio distintivo rappresenta il nostro impegno per la perfezione e la nostra dedizione a offrire prodotti di altissima qualità.

In un mercato affollato e competitivo, il nostro logo di riconoscimento è il nostro modo di distinguerci e di confermare il nostro impegno per l'eccellenza in tutto ciò che facciamo. Siamo orgogliosi di presentare questo simbolo ai nostri clienti e di offrire loro la tranquillità che deriva dal sapere di avere scelto il meglio. Scegliere un prodotto contrassegnato con il nostro marchio di riconoscimento non è solo una scelta di qualità, ma anche una dichiarazione di fiducia nella nostra identità e nel nostro impegno per l'eccellenza. Grazie per aver scelto AGOPROFIL dove la qualità e l'identità si incontrano.

We are constantly committed to finding our identity and providing our customers with a guarantee of quality and authenticity. That's why we introduced our exclusive recognition label, a symbol of excellence and commitment to perfection.

Every product bearing our recognition label has been carefully selected and subjected to rigorous quality controls to ensure maximum customer satisfaction.

This distinctive mark represents our commitment to perfection and dedication to offering high-quality products.
In a crowded and competitive market, our recognition logo is our way of distinguishing ourselves and confirming our commitment to excellence in everything we do. We are proud to present this symbol to our customers and offer them the peace of mind that comes from knowing they have chosen the best.

Choosing a product marked with our recognition label is not only a choice of quality but also a statement of trust in our identity and commitment to excellence. Thank you for choosing AGOPROFIL where quality and identity meet.

Nous sommes constamment engagés dans la recherche de notre identité et dans l'offre à nos clients d'une garantie de qualité et d'authenticité. C'est pourquoi nous avons introduit notre étiquette de reconnaissance exclusive, un symbole d'excellence et d'engagement envers la perfection.

Chaque produit portant notre étiquette de reconnaissance a été soigneusement sélectionné et soumis à des contrôles de qualité rigoureux pour garantir la satisfaction maximale du client. Ce signe distinctif représente notre engagement envers la perfection et notre dévouement à offrir des produits de très haute qualité.

Dans un marché encombré et compétitif, notre logo de reconnaissance est notre façon de nous distinguer et de confirmer notre engagement envers l'excellence dans tout ce que nous faisons. Nous sommes fiers de présenter ce symbole à nos clients et de leur offrir la tranquillité d'esprit qui vient du fait de savoir qu'ils ont choisi le meilleur.
Choisir un produit marqué de notre logo de reconnaissance n'est pas seulement un choix de qualité, mais aussi une déclaration de confiance en notre identité et en notre engagement envers l'excellence. Merci d'avoir choisi AGOPROFIL où la qualité et l'identité se rencontrent.

L’azienda

THE COMPANY
L’ENTERPRISE

Da oltre 52 anni, siamo impegnati a fornire prodotti e servizi di alto livello per soddisfare le esigenze dei nostri clienti in vari settori. Il nostro catalogo offre una vasta gamma di porte e sistemi, dai più avanzati dispositivi tecnologici alle soluzioni su misura per l’ambiente domestico e industriale. Siamo orgogliosi di collaborare con i migliori fornitori per garantire la massima qualità e affidabilità dei nostri prodotti.

Siamo consapevoli dell’importanza dell’innovazione e dell’adattamento alle mutevoli esigenze del mercato. **Perciò, investiamo costantemente in ricerca e sviluppo per offrire soluzioni all’avanguardia che migliorino la vita dei nostri clienti e contribuiscano al loro successo.** Oltre alla nostra dedizione alla qualità e all’innovazione, ci impegniamo anche per l’eccellenza nel servizio clienti. Siamo qui per supportarvi in ogni fase, dal momento dell’acquisto fino alla consegna e oltre. La vostra soddisfazione è la nostra priorità assoluta. Esplorate il nostro catalogo e scoprite come possiamo aiutarvi a raggiungere i vostri obiettivi. Siamo entusiasti di collaborare con voi e di offrirvi le migliori soluzioni per le vostre esigenze. Grazie per la fiducia che ci dimostrate scegliendo i nostri prodotti e servizi.

For over 52 years, we have been committed to providing high-level products and services to meet the needs of our customers in various sectors.
Our catalog offers a wide range of products, from cutting-edge technological devices to tailor-made solutions for both domestic and industrial environments. We take pride in collaborating with top suppliers to ensure the highest quality and reliability of our products.

We understand the importance of innovation and adapting to the ever-changing market needs.
Therefore, we continually invest in research and development to offer cutting-edge solutions that enhance our customers’ lives and contribute to their success.

In addition to our dedication to quality and innovation, we also strive for excellence in customer service. We are here to support you at every stage, from purchase to delivery and beyond. Your satisfaction is our top priority.
Explore our catalog and discover how we can help you achieve your goals. We are excited to collaborate with you and provide you with the best solutions for your needs. Thank you for choosing our products and services and for the trust you place in us.

Depuis plus de 52 années, nous nous engageons à fournir des produits et des services de haut niveau pour répondre aux besoins de nos clients dans divers secteurs.
Notre catalogue propose une large gamme de produits, des appareils technologiques de pointe aux solutions sur mesure pour les environnements domestiques et industriels. Nous sommes fiers de collaborer avec les meilleurs fournisseurs pour garantir la plus haute qualité et fiabilité de nos produits.

Nous comprenons l’importance de l’innovation et de l’adaptation aux besoins du marché en constante évolution**.**
C’est pourquoi nous investissons continuellement dans la recherche et le développement pour offrir des solutions de pointe qui améliorent la vie de nos clients et contribuent à leur réussite.
En plus de notre dévouement à la qualité et à l’innovation, nous visons également l’excellence en matière de service client. Nous sommes là pour vous soutenir à chaque étape, de l’achat à la livraison et au-delà. Votre satisfaction est notre priorité absolue. Explorez notre catalogue et découvrez comment nous pouvons vous aider à atteindre vos objectifs. Nous sommes ravis de collaborer avec vous et de vous fournir les meilleures solutions pour vos besoins. Merci d’avoir choisi nos produits et services et pour la confiance que vous nous accordez.

Certificazioni

CERTIFICATIONS
CERTIFICATION

La nostra dedizione alla qualità e all'eccellenza è testimoniata da una serie di prestigiose certificazioni.
Siamo orgogliosi di aver ottenuto riconoscimenti che confermano il nostro impegno per standard elevati e pratiche aziendali sostenibili. Tra le nostre certificazioni più significative figurano:

•**DNV ISO 9001:2000: CERTIFICAZIONE** Standard internazionale per la gestione della qualità, che attesta la nostra capacità di fornire prodotti e servizi che soddisfano le esigenze e le aspettative dei nostri clienti in modo coerente.

•**LAPI EI 30 CERTIFICAZIONE** La certificazione EI30 è richiesta per porte, finestre, partizioni e altri elementi strutturali che separano gli ambienti all'interno di un edificio. È importante notare che il valore "EI" è una classificazione europea che indica la resistenza al fuoco secondo tre criteri: **E (Integrità)**: indica la capacità di un elemento di mantenere la sua integrità strutturale durante l'esposizione al fuoco. **I (Isolamento termico):** indica la capacità di un elemento di limitare la trasmissione del calore attraverso di esso durante l'esposizione al fuoco. **Numerico**: indica il tempo, in minuti, per il quale l'elemento soddisfa i requisiti di integrità e isolamento termico**.**

•**LAPI EI 60 CERTIFICAZIONE** La certificazione EI 60 è richiesta per porte, finestre, partizioni e altri elementi strutturali che separano gli ambienti all'interno di un edificio. È importante notare che il valore "EI" è una classificazione europea che indica la resistenza al fuoco secondo tre criteri: **E (Integrità)**: indica la capacità di un elemento di mantenere la sua integrità strutturale durante l'esposizione al fuoco. **I (Isolamento termico): i**ndica la capacità di un elemento di limitare la trasmissione del calore attraverso di esso durante l'esposizione al fuoco. **Numerico:** indica il tempo, in minuti, per il quale l'elemento soddisfa i requisiti di integrità e isolamento termico.

•**ISTITUTO GIORDANO CERTIFICAZIONE** tenuta fumi è un documento che attesta che un sistema o un dispositivo progettato per prevenire la diffusione del fumo da un ambiente all'altro ha superato i test di conformità e soddisfa determinati standard di sicurezza.

•**LAPI CERTIFICAZIONE ACUSTICA 31DB** La certificazione acustica 31 dB si riferisce alla capacità di un materiale o di una struttura di fornire un'attenuazione del rumore di 31 decibel (dB) in determinate condizioni di test. Questa certificazione viene spesso utilizzata nel settore delle costruzioni e dell'edilizia per valutare le prestazioni acustiche di pareti, finestre, porte o altri componenti che separano gli ambienti.

•**LAPI CERTIFICAZIONE ACUSTICA 39DB** La certificazione acustica 39 dB si riferisce alla capacità di un materiale o di una struttura di fornire un'attenuazione del rumore di 39 decibel (dB) in determinate condizioni di test. Questa certificazione viene spesso utilizzata nel settore delle costruzioni e dell'edilizia per valutare le prestazioni acustiche di pareti, finestre, porte o altri componenti che separano gli ambienti.

Queste certificazioni sono il risultato del nostro impegno costante per l'eccellenza e riflettono i nostri valori fondamentali di qualità, responsabilità e sostenibilità. Siamo determinati a continuare su questa strada, cercando costantemente di migliorare e di soddisfare sempre più rigorosi standard di qualità e sostenibilità.

CERTIFICATIONS
CERTIFICATION

Our dedication to quality and excellence is evidenced by a series of prestigious certifications. We are proud to have achieved recognition that confirms our commitment to high standards and sustainable business practices. Among our most significant certifications are:

•**DNV ISO 9001:2000 Certification:** An international standard for quality management, attesting to our ability to provide products and services that consistently meet the needs and expectations of our customers.
•**LAPI EI 30 Certification:** This certification is required for doors, windows, partitions, and other structural elements separating spaces within a building. The "EI" value is a European classification indicating fire resistance based on three criteria**:** Integrity, Thermal insulation, and Numerical value representing the duration in minutes for which the element meets integrity and thermal insulation requirements**.**
•**LAPI EI 60 Certification:** This certification is required for doors, windows, partitions, and other structural elements separating spaces within a building. The "EI" value is a European classification indicating fire resistance based on three criteria: Integrity, Thermal insulation, and Numerical value representing the duration in minutes for which the element meets integrity and thermal insulation requirements.
•**Istituto Giordano Smoke Seal Certification:** Attests that a system or device designed to prevent smoke diffusion between environments has passed conformity tests and meets certain safety standards.
•**LAPI Acoustic Certification 31dB:** Refers to the ability of a material or structure to provide a noise attenuation of 31 decibels (dB) under specific test conditions, commonly used in construction to evaluate the acoustic performance of walls, windows, doors, or other components separating spaces.
•**LAPI Acoustic Certification 39dB:** Similar to the above, but with a higher noise attenuation requirement, achieving 39 decibels (dB) reduction.

These certifications are the result of our constant commitment to excellence and reflect our core values of quality, responsibility, and sustainability. We are determined to continue on this path, constantly seeking improvement and striving to meet increasingly rigorous standards of quality and sustainability.

Notre dévouement à la qualité et à l'excellence est attesté par une série de prestigieuses certifications. Nous sommes fiers d'avoir obtenu des reconnaissances qui confirment notre engagement envers des normes élevées et des pratiques commerciales durables. Parmi nos certifications les plus significatives figurent:

•**Certification DNV ISO 9001:2000:** Norme internationale pour la gestion de la qualité, attestant notre capacité à fournir des produits et services répondant de manière cohérente aux besoins et aux attentes de nos clients.
•**Certification LAPI EI 30:** Cette certification est requise pour les portes, fenêtres, cloisons et autres éléments structurels séparant les espaces à l'intérieur d'un bâtiment. Il est important de noter que la valeur "EI" est une classification européenne indiquant la résistance au feu selon trois critères: Intégrité, Isolation thermique et Valeur numérique représentant la durée en minutes pendant laquelle l'élément répond aux exigences d'intégrité et d'isolation thermique.
•**Certification LAPI EI 60:** Cette certification est requise pour les portes, fenêtres, cloisons et autres éléments structurels séparant les espaces à l'intérieur d'un bâtiment. Il est important de noter que la valeur "EI" est une classification européenne indiquant la résistance au feu selon trois critères: Intégrité, Isolation thermique et Valeur numérique représentant la durée en minutes pendant laquelle l'élément répond aux exigences d'intégrité et d'isolation thermique.

•**Certification de l'Institut Giordano** pour l'étanchéité aux fumées: Atteste qu'un système ou un dispositif conçu pour prévenir la diffusion de la fumée d'un environnement à l'autre a réussi les tests de conformité et répond à certaines normes de sécurité.
•**Certification acoustique LAPI 31 dB:** Référence à la capacité d'un matériau ou d'une structure à fournir une atténuation sonore de 31 décibels (dB) dans des conditions de test spécifiques, couramment utilisée dans la construction pour évaluer les performances acoustiques des murs, fenêtres, portes ou autres composants séparant les espaces.
•**Certification acoustique LAPI 39 dB:** Similaire à celle ci-dessus, mais avec une exigence d'atténuation sonore plus élevée, de 39 décibels (dB).

Ces certifications sont le résultat de notre engagement constant envers l'excellence et reflètent nos valeurs fondamentales de qualité, de responsabilité et de durabilité. Nous sommes déterminés à poursuivre dans cette voie, cherchant constamment à nous améliorer et à répondre à des normes de qualité et de durabilité de plus en plus rigoureuses.

GREEN Concept

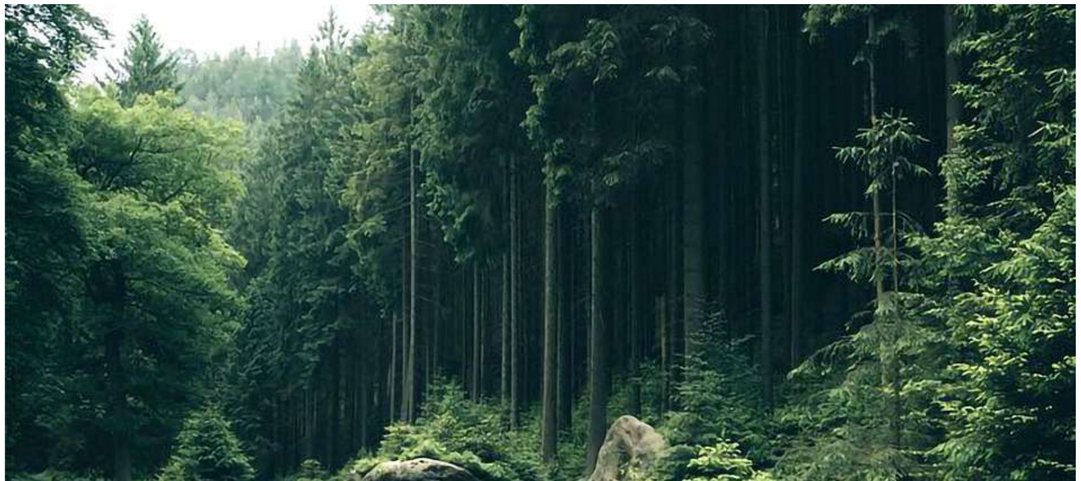

GREEN CONCEPT
GREEN CONCEPT

La nostra green attitude è al centro di tutto ciò che facciamo. Siamo profondamente impegnati a proteggere e preservare l'ambiente, e questo impegno si riflette in ogni aspetto della nostra attività. Ci impegniamo a ridurre al minimo l'impatto ambientale dei nostri prodotti e delle nostre operazioni. Utilizziamo materiali sostenibili e tecnologie eco-friendly in ogni fase del nostro processo produttivo, dal design alla fabbricazione, alla distribuzione e oltre.

Ci sforziamo di adottare pratiche che minimizzano il consumo di risorse naturali e riducono le emissioni di carbonio. Coniugare il livello estetico del prodotto con l'attenzione alla salute dell'utilizzatore e dell'ambiente, è la strategia che da anni **AGOPROFIL®** continua a tracciare per il proprio sviluppo produttivo. Utilizzando **vernici all'acqua**, ad alte prestazioni tali da permettere elevati standard qualitativi con livelli bassissimi di emissione di formaldeide, concretizziamo la nostra propensione e il nostro impegno per l'ambiente e la salute realizzando porte nel pieno rispetto del Pianeta.

Il nostro **GREEN concept** e la nostra costante ricerca evolutiva, ci hanno indirizzati nella scelta dell'utilizzo di materiali provenienti da foreste gestite in forma responsabile con il risultato di porte create a basso impatto ambientale e nel pieno rispetto del Pianeta senza mai perdere di vista il design e l'alta qualità che contraddistinguono il nostro operato.
L'impianto di **riscaldamento** alimentato a **biomasse** e l'utilizzo del **fotovoltaico**, assicurano un'alta resa con una ridotta dispersione di anidride carbonica nell'ecosistema e l'auto produzione di energia. Contemporaneamente l'azienda attua un'**attenta raccolta differenziata**, con operazioni di **recupero pari all'90%** del totale dei rifiuti prodotti.

Siamo orgogliosi della nostra green attitude e continueremo a lavorare duramente per ridurre il nostro impatto ambientale e promuovere un futuro più sostenibile per tutti.

Our green attitude is at the heart of everything we do. We are deeply committed to protecting and preserving the environment, and this commitment is reflected in every aspect of our business.

We strive to minimize the environmental impact of our products and operations. We use sustainable materials and eco-friendly technologies at every stage of our production process, from design to manufacturing, distribution, and beyond. We endeavor to adopt practices that minimize the consumption of natural resources and reduce carbon emissions.

Blending the aesthetic level of the product with attention to the user's health and the environment is the strategy that AGOPROFIL® has been pursuing for years in its production development. By using **water-based paints**, high-performance enough to allow high quality standards with very low levels of formaldehyde emissions, we materialize our propensity and commitment to the environment and health by creating doors in full respect of the Planet.

Our **GREEN concept** and our constant evolutionary research have guided us in choosing to use materials from responsibly managed forests, resulting in doors with low environmental impact and in full respect of the Planet, without ever losing sight of the design and high quality that characterize our work.
The **biomass-powered heating system** and the use of **photovoltaics** ensure high efficiency with reduced carbon dioxide dispersion into the ecosystem and self-production of energy. At the same time, the company implements **careful waste sorting**, with **recovery operations accounting for 90%** of the total waste produced.

We are proud of our green attitude and will continue to work hard to reduce our environmental impact and promote a more sustainable future for all.

Notre green attitude est au cœur de tout ce que nous faisons. Nous sommes profondément engagés dans la protection et la préservation de l'environnement, et cet engagement se reflète dans tous les aspects de notre activité.
Nous nous efforçons de minimiser l'impact environnemental de nos produits et de nos opérations. Nous utilisons des matériaux durables et des technologies respectueuses de l'environnement à chaque étape de notre processus de production, du design à la fabrication, en passant par la distribution et au-delà. Nous nous efforçons d'adopter des pratiques qui minimisent la consommation de ressources naturelles et réduisent les émissions de carbone.

Conjuguer le niveau esthétique du produit avec l'attention portée à la santé de l'utilisateur et à l'environnement est la stratégie que **AGOPROFIL®** poursuit depuis des années dans le développement de sa production. En utilisant des **peintures à base d'eau**, assez performantes pour permettre des normes de qualité élevées avec des niveaux très faibles d'émissions de formaldéhyde, nous concrétisons notre propension et notre engagement envers l'environnement et la santé en créant des portes dans le respect total de la Planète.

Notre **concept GREEN** et notre recherche évolutive constante nous ont orientés vers l'utilisation de matériaux provenant de forêts gérées de manière responsable, ce qui se traduit par des portes à faible impact environnemental et dans le respect total de la Planète, sans jamais perdre de vue le design et la haute qualité qui caractérisent notre travail.
Le système de chauffage alimenté à la biomasse et l'utilisation du **photovoltaïque** garantissent une haute efficacité avec une réduction de la dispersion du dioxyde de carbone dans l'écosystème et l'auto-production d'énergie. Parallèlement, l'entreprise met en œuvre **un tri sélectif méticuleux**, avec des opérations de **récupération représentant 90%** du total des déchets produits.

Nous sommes fiers de notre green attitude et nous continuerons à travailler dur pour réduire notre impact environnemental et promouvoir un avenir plus durable pour tous.

FIRE-PROOF SYSTEM

Porte Certificate per Hotel e Comunità: Garanzia di Sicurezza e Qualità
Benvenuti nel mondo delle porte certificate AGOPROFIL, un punto di riferimento per la sicurezza e la qualità nelle strutture alberghiere e comunità residenziali. Tutte le nostre porte certificate sono sottoposte a test e certificazioni da enti indipendenti, garantendo la conformità ai più elevati standard di sicurezza e qualità.

Resistenza al Fuoco: Le nostre porte certificate EI 30 EI 60 , offrono un'eccellente resistenza al fuoco, essenziale per proteggere vite umane e proprietà in caso di emergenza. Testate e certificate secondo rigorosi standard di sicurezza.
Resistenza ai Fumi: Le nostre porte certificate con resistenza ai fumi sono progettate per limitare la diffusione dei gas tossici e dei vapori nocivi, proteggendo la salute e la vita degli occupanti della struttura.
Capacità Fonoassorbenti: Il comfort acustico è fondamentale per garantire un ambiente piacevole e rilassante negli hotel e nelle comunità residenziali. Le nostre porte DB 31 e DB 39, non solo offrono una protezione contro il rumore esterno, ma assorbono attivamente le onde sonore all'interno degli ambienti.
Design Personalizzato e Durabilità: Oltre alle prestazioni di sicurezza, le nostre porte certificate sono disponibili in una varietà di design e finiture per adattarsi perfettamente all'estetica e alle esigenze specifiche per ogni progetto

Certified Doors for Hotels and Communities:
Guarantee of Safety and Quality
Welcome to the world of AGOPROFIL certified doors, a benchmark for safety and quality in hotel and residential community structures. All our certified doors undergo testing and certification by independent bodies, ensuring compliance with the highest standards of safety and quality.

Fire Resistance: Our EI 30 and EI 60 certified doors offer excellent fire resistance, essential for protecting human lives and property in case of emergencies. Tested and certified according to rigorous safety standards.
Smoke Resistance: Our certified doors with smoke resistance are designed to limit the spread of toxic gases and harmful vapors, providing safe evacuation routes and protecting the health and lives of the occupants of the structure.
Sound Absorption Capacity: Acoustic comfort is essential to ensure a pleasant and relaxing environment in hotels and residential communities. Our DB 31 and DB 39 doors not only offer protection against external noise but also actively absorb sound waves within the environments.
Custom Design and Durability: In addition to safety performance, our certified doors are available in a variety of designs and finishes to perfectly suit the aesthetics and specific needs of your projects.

Portes Certifiées pour Hôtels et Communautés: Garantie de Sécurité et Qualité Bienvenue dans le monde des portes certifiées AGOPROFIL, une référence en matière de sécurité et de qualité dans les structures hôtelières et les communautés résidentielles. Toutes nos portes certifiées sont soumises à des tests et certifications par des organismes indépendants, garantissant la conformité aux normes les plus élevées en matière de sécurité et de qualité.

Résistance au Feu: Nos portes certifiées EI 30 et EI 60 offrent une excellente résistance au feu, essentielle pour protéger les vies humaines et les biens en cas d'urgence. Testées et certifiées selon des normes de sécurité rigoureuses.
Résistance aux Fumées: Nos portes certifiées avec résistance aux fumées sont conçues pour limiter la diffusion des gaz toxiques et des vapeurs nocives, protégeant ainsi la santé et la vie des occupants de la structure.
Capacité d'Absorption Sonore: Le confort acoustique est essentiel pour garantir un environnement agréable et relaxant dans les hôtels et les communautés résidentielles. Nos portes DB 31 et DB 39 offrent non seulement une protection contre le bruit extérieur, mais absorbent également activement les ondes sonores à l'intérieur des espaces.
Design Personnalisé et Durabilité: En plus des performances de sécurité, nos portes certifiées sont disponibles dans une variété de designs et de finitions pour s'adapter parfaitement à l'esthétique et aux besoins spécifiques de vos projets.

Zero-Wall System

ZERO-WALL SYSTEM

ZERO-WALL
System

ZERO-WALL SYSTEM
ZERO-WALL SYSTEM

CREA IL TUO SPAZIO
Soluzioni facili per spazi nuovi, i nostri sistemi vengono realizzati con aperture tradizionali o filo muro e sono modulati e personalizzabili per la valorizzazione di piccoli spazi. Zero-Wall presenta tre sistemi studiati appositamente per rispondere a qualiasi esigenza: Hide, Cloud e Fly

CREATE YOUR SPACE
Easy solutions for new spaces; our systems are made with traditional openings or wall-f lush and feature customizable modules for smaller spaces. Zero-Wall features three design systems to meet any need: Hide, Cloud and Fly

ESPACEZ-VOUS
Des solutions simples pour de nouveaux espaces, nos systèmes sont conçus avec des ouvertures traditionnelles ou encastrées dans le mur et sont modulaires et personnalisables pour mettre en valeur de petits espaces. Zero-Wall présente trois systèmes spécialement conçus pour répondre à tous les besoins : Hide, Cloud et Fly

HIDE
Perfettamente integrato con ogni ambiente, offre un insieme di continuità delle superfici. Realizzabili con differenti sistemi di chiusura, in essenza legnosa, laccato oppure nella variante grezza per una colorazione omogenea delle pareti.

Perfectly integrated with any environment, it offers combined surface continuity. They can be made with different closing systems, in wood, lacquer or unfinished for uniform wall colouring.

Parfaitement intégré à tout environnement, il offre un ensemble de continuité de surface. Réalisable avec différents systèmes de fermeture, en essence de bois, laqué ou en variante brut pour une couleur homogène des murs.

ZERO-WALL
System

ZERO-WALL SYSTEM
ZERO-WALL SYSTEM

CLOUD
Ideale per la chiusura di ripostigli, cabine armadio o nicchie, permette di sfruttare al meglio contenitori e vani esistenti di varie tipologie.
Realizzabili con differenti sistemi di chiusura, in essenza legnosa e laccato, il tutto per rendere più omogenei gli spazi di un medesimo ambiente integrandoli al meglio con le porte di qualsiasi collezione

Ideal for closing closets, walk-in closets and nooks; it allows you to make the most of xisting spaces of various types.
They can be made with different closing systems, in wood and lacquer, for more uniform spaces in the same room and the best fit with the doors of any collection

Idéal pour la fermeture de débarras, de placards ou de niches, cela permet de profiter au mieux des conteneurs et des espaces existants de différentes typologies.
Réalisables avec différents systèmes de fermeture, en bois massif et laqué, le tout pour rendre les espaces d'un même environnement plus homogènes en les intégrant au mieux avec les portes de n'importe quelle collection

ZERO-WALL
System

ZERO-WALL SYSTEM
ZERO-WALL SYSTEM

FLY
Caratterizzato da spessori evidenti, crea volumi unici a parete diventando un elemento decorativo fortemente riconoscibile. Realizzabili con differenti sistemi di chiusura, senza componentistica strutturale a vista, in essenza legnosa e laccato.

Its strong features create unique wall volumes making for highly recognizable decorative elements. Available with different closing systems, without visible structural components, in wood and lacquer.

Caractérisé par des épaisseurs apparentes, il crée des volumes uniques sur le mur, devenant un élément décoratif fortement reconnaissable. Réalisables avec différents systèmes de fermeture, sans composants structurels apparents, en bois massif et laqué

***Per l'oggettiva impossibilita' di riprodurre fedelmente in stampa le variegate tonalita' del legno e delle laccature delle nostre produzioni, le immagini dei cataloghi non sono vincolanti ai fini delle forniture.**
*Wood and lacquers shades reproductions in print don't represent realistically the live colors and the whole variety of our products, thus the images in the catalogues are not binding for the purposes of sale.
*Репродукции оттенков дерева и лаков в печатных изданиях не передают реалистично живые цвета и все разнообразие нашей продукции, поэтому изображения в каталогах не являются обязывающими для целей продажи.
